

STAT 269 - Introductory Statistics

Minitab Homework 8 (Unit 3 Part 3)

- Open Minitab and in the “Session” window at the top of the screen, type your name.
- Consider problem 3 on page 475 of our text.
- Write the Hypotheses and Assumptions for this setting.
- Click “Stat”, “Basic Statistics”, “2-proportions”.
- Choose “Summarized data”, and enter the number of events (successes) and trials (n) for each sample.
- Click options, ensure that the correct confidence level and tail are selected. Click OK.
- Click OK again.
- Using the output from Minitab, write the conclusion you would make.
- Print the session window.
